To Raise the Amount Above the Mininum Limit.

Recently the United States supreme court dismissed the appeal from the decision of the supreme court of Oklahama on the ground that amount involved did not exceed \$5.000. The rule of that high tribunal being not to consider cases involving less than that amount. To comply with this rule it is now proposed to have a number of taxpayers Join in a sult, by which it is hoped to gain a hearing before the suprem the constitutionality of the equalization board's assessment. It has been pointed out, however, that even thi plan will full to secure consideration, the procedent established in a similar use from Greer county is fellowed.
